Chris Fiore Wins Mid-Atlantic Title at TBF National Championships

In this Edition:

- Wally Dryman & Gary Jones WIN on Smith Mountain Lake
- West Regional Team Trail Results
- Tom Hayes & Chris Fiore compete for TBF Title on Grand Lake, OK

Purpose of the Virginia Bass Chapter Federation

The Federation is established to preserve and promote the sport of angling largemouth bass, smallmouth bass, and spotted or Kentucky bass, herein known as Bass; to introduce youth to the sport of fishing; to conserve water and other associated natural resources; to work for an abundant, healthy and self-sustaining bass fishery where a natural potential exists; and to support the local, state and national agencies which conserve and manage the fresh water sport fishery and other associated resources.

Virginia Bass CHAPTER FEDERATION

TBF THE BASS FEDERATION, INC.

FLW OUTDOORS

Goals of the Virginia Bass Chapter Federation

The Federation, shall, in its operations, pursue the goals of organizing and conducting competitive fishing events which adequately provide for the needs of the bass and the angler; to establish live release of bass to their habitat as an integral part of sport fishing; promote realistic conservation of natural resources and causing adoption and enforcement of adequate water quality standards; of educating the membership in citizen involvement in the process of government; of supporting and cooperation with fishery management agencies and educational institutions in development of good fisheries for the future; of encouraging youth involvement in sport fishery and leading the chapters in organizing an conducting youth participation activities; of promoting public awareness of the Federation's purposes, goals, and activities; of timely and efficient communications with the membership through a regular published newsletter; of gaining new members and new chapters to TBF and the Federation; to generate revenues sufficient to conduct the programs of the Federation; of reducing the hazards of boat operation and sport fishing; of supporting the non-profit purposes and goals of TBF; and other such goals as may be established for the chapters and the committees of the Federation.

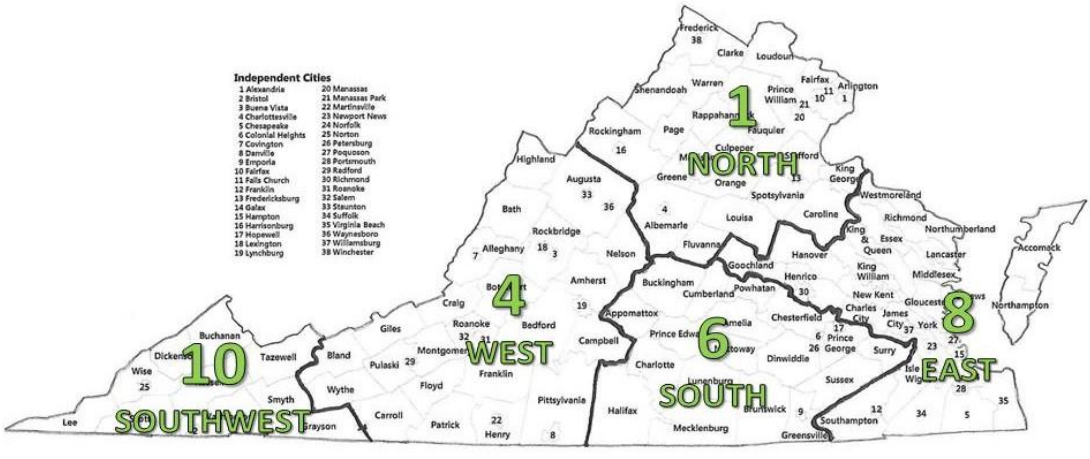
Virginia Bass Chapter Federation Regions



Presidents Corner

Scott Whitmore

First and foremost I hope this message finds you and your families safe and clear of the Coronavirus. You all are in my thoughts and prayers that this virus steers clear of all our members and their families.

I would like to open by thanking everyone that volunteered to help out at the Richmond Fishing Expo. The 2020 Expo was our most successful to date, this was done through the hard work of the Staff and Volunteers along with the people/businesses that donated raffle prizes. We signed several new sponsors at that event that are now in our magazine. We also grew our membership as a result of this event that has seen several new members come on board that we met at the Expo. We have also distributed Tri-folds throughout tackle shops across the state that has brought in new members also. We have continued to add new sponsors since the Expo and bring back old sponsors that were on board with us in previous years. I am very excited about the amount of businesses that have an interest in coming on board with us. We will be continuing our partnership with Lowrance, Minn Kota and Hummingbird for the VIP programs in 2020 so if you are interested let your Region Director know. These programs will come with guidelines you must follow in order to get the product.

Next onto our West Regional on Smith Mountain Lake, this event met the anglers with cold breezy fishing conditions making for some tough fishing. The Team of Wally Dryman and Gary Jones from Region 4 brought in a five fish limit weighing 18.42 lbs to take the win. This tournament saw over 60% of the field take home raffle prizes. My thanks to the Staff who endure chilly conditions at blast off and to Chuck Hart for his help to secure the ramp and providing help at the weigh-in.

Now to update you on our current situation: In light of the Virginia and North Carolina governor's mandate to shelter at home we have no choice but to postpone our South Regional, East Regional and our State Championship to stay in compliance. The health of our membership and their families far exceeds the importance of hosting a tournament. All three of these State Tournaments **will** take place this year. We must get all three tournaments in before August to allow us time to establish and turn in our National Semifinal roster to TBF. I know this may cause hardship for some but we are dealing with unprecedented times right now. Unfortunately we cannot work around all Region and Club tournaments because we would never find a date. I ask that everyone keep an open mind as we may have to schedule one of the Regional Tournaments on a Sunday ILO Saturday in order to secure a ramp. This is all based on us being released by the Governor to hold an event after June 10th. I continue to stay in contact with our TBF National Office on our situation as this affects not only our Adult program; it also affects our Youth program as well. I know the reschedules may affect people who have previously registered for Regional tournaments that cannot fish the new dates when established or are out of work and cannot fish, I will assure you, if you fall in this category the state will refund your entry fee to you. Keep your eyes open for a TBF e-mail blast as I will be communicating the new schedule to you as soon as we get it established. In closing please stay safe and take care of your families.

Scott

Membership News

The Bass Federation (TBF) Memberships are always open. Anglers can contact their Chapter/Club President to activate/renew your TBF membership. TBF is much more than a tournament trail. Our founding principles are ***Fishing***, ***Youth*** and ***Conservation***. TBF members can qualify through their club events and State Federation events to fish in the TBF National Semi Final Division Championship series, and then on to the TBF Federation National Championship, the BFL All-American, and the FLW Tour Championship. In addition to all this, the top Federation angler each year is awarded the TBF "Living the Dream" package. Consisting of paid entry fees into the FLW Tour as a professional angler and a fully equipped Ranger Boat with an Evinrude G2.

TBF is *"Owned By Those We Serve And Dedicated To The Sport Of Fishing*."

TBF Members have special access to Sponsor Product Discounts:

- **Ranger Boats** a direct rebate to any member who buys a new Ranger Boat! **Ranger Bonus Voucher.com** and BONUS cash for doing well in state and national events! **Ranger Cup**
- **Evinrude**
- **Lowrance**
- **Minn Kota**
- **Hummingbird**
- **Power Pole** and more
- Member Only Access to FLWs Premier Retail/Lodging/Travel/Restaurant Discounts:"World's Greatest Deals"

Contact a Virginia Bass Chapter Federation Official Now for information on how to get your membership started. Go to www.vabass.com, visit us on facebook at "Virginia Bass Chapter Federation", or contact the State President, Scott, by Email at Stratos.22225@gmail.com.

ATTENTION ANGLERS: IF you own a Ranger boat make SURE you sign up NOW for Ranger cup at www.rangercup.com

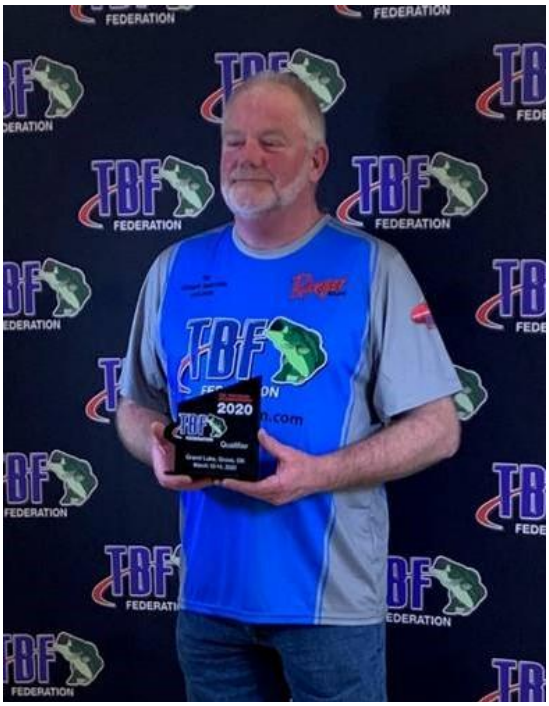
NATIONAL CHAMPIONSHIP

Virginia Anglers Compete for National Title on Grand Lake O' the Cherokees



Virginia Anglers Chris Fiore and Tom Hayes joined TBF's top anglers from across the nation and Canada at Grand Lake O' the Cherokees, Oklahoma, for a weeklong tournament experience to decide the 2020 TBF National Championship. One Hundred eight TBF anglers competed for National Championship titles and the "Living Your Dream" boater and co-angler champions prize packages, Ranger Cup contingencies and cash prizes in the events $380,000-plus, cash and prize payout. The forteen Division Champion Anglers and Co-Anglers are awarded with a berth and paid entry in the BFL All American Tournament.

Chris and Tom earned the opportunity to compete for a National Championship by successfully fishing their way through local Club, Regional, State and National Semi Final Level Tournaments this past season. Both anglers won their respective Angler & Co-Angler Divisions at the District 12 TBF National Semi-Final on Stonewall Jackson Lake, West Virginia last September. They both are excellent anglers and great ambassidors for the Virginia Bass Chapter Federation Angling Community.

TBF National Championship continued:

On Thursday, March 12th, the first day of competition, anglers faced a difficult day of fishing as a storm front the evening before appeared to shut down the bite. Several anglers did however manage to catch a few nice fish. Virginia Anglers also had it tough the first day. Tom Hayes weighed in one fish a nice 5.09 lb largemouth while Chris Fiore managed to bring in two fish weighing in at 4.0 pounds. Tom finished the first day in 4th place among Mid Atlantic Co-Anglers (15th overall).

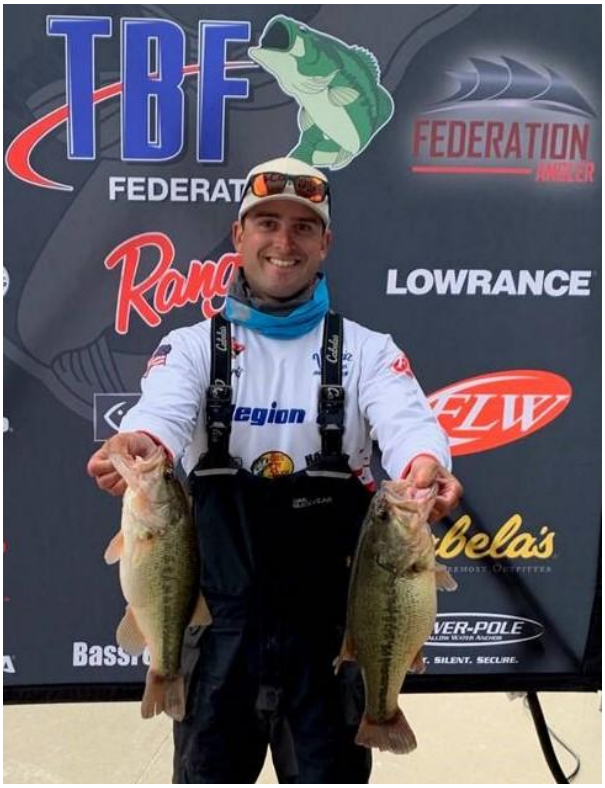
DAY 1: Virginia Co-Angler Tom Hayes weighs in a nice 5.09 lb Largemouth on Grand Lake

Chris Fiore found himself in 7th place in the Mid Atlantic Angler Division (26th overall). As day 1 proved difficult for many this left day 2 of competition wide open for the field.

DAY 1: Virginia Angler Chris Fiore weighs in 2 fish for 4.0 lbs on Grand Lake

TBF National Championship continued:

The second day of competition proved tough for Tom as he was unable to weigh in a fish. Tom finished the tournaments Co-Angler Division with 5.09 lbs and in 28th place. Chris, on the other hand, rallied to put together a limit of bass weighing in at 15.01 lbs. Launching him to win the Mid-Atlantic Angler Division with a total 2 day weight of 19.01 lbs and advacing to the tournaments final day. The TBF Championship Round.



DAY 2: Virginia Angler Chris Fiore weighs in 15.01 lbs to take Mid Atlantic Division Championship and advance to the TBF National Championship Round

The Bass Federation Division Angler & Co-Angler Champions all advance to the TBF National Championship Round

TBF National Championship continued:

The third and final day of competition Chris fished hard and managed to weigh one bass for 3.06 lbs putting his tournament total weight at 22.07 lbs for a 7th Place overall finish plus a Mid-Atlantic Division Title and paid entry into the BFL All American Tournament on Lake Hartwell, later this year.

Both Chris and Tom are already eagerly working towards another opportunity to make it back to the TBF Championship next year. Tom Hayes has already qualified for the 2020 TBF National Semi Final on Kerr Lake this coming September with his win at the Virginia Bass Chapter Federations North Regional Team Trail Tournament on the Potomac River. Special acknowledgement and our thanks to Caitlin Hayes for her daily tournament updates and outstanding pictures used in this issue.

The Virginia Bass Chapter Federation would like to congratulate both Chris and Tom for their successes allowing them to compete for the TBF National Championship. And wish Chris "Tightlines" as he competes in the BFL All American Tournament on Lake Hartwell.

The Virginia Bass Chapter Federations **"TEAM TOURNAMENT TRAIL".** This team trail series serves as the Virginia TBF National Semi-Final (NSF) Qualifiers plus introduces a new **Virginia State Championship Team Tournament**. The series consists of 4 qualifying Team Tournaments held in each of 4 Regions (North, South, East , & West) throughout the state. Each qualifying tournament is a single day event. With this format Virginia TBF Anglers now have an opportunity to compete for bigger payouts and a Virginia State Team Championship while reducing their costs plus the benefit of fishing locally on familiar waters. All four regional tournaments are open to all Virginia TBF members in good standing. Teams that fish any of the 4 Regional events qualify for the 2 Day State Championship Team Tournament. Those teams that participate in 2 or more of the qualifing tournaments earn a berth in the Virginia State Championship Team Tournament at a reduced entry fee. Qualifying tournament winning teams get free entry into the State Championship Team Tournament. The State Championship event has a 100% payback in cash and prizes with a Champions Package awarded to the winning team (cash, awards, apparel, paid TBF National Semi Final entry, etc.).

This is a TEAM TRAIL where anglers complete the registration as a pre-designated team. Launch order is determined by the order in which registrations are received. Registration fees are $110 per Regional Tournament (includes big fish pot entry). All Regional Tournaments are single day events. The 2 day State Championship Tournament is only be open to those that fish a qualifying Regional Tournament. The Championship registration fee is $160 (includes big fish pot entry). Those teams that win a qualifying Regional Tournament will receive free entry into the Championship Tournament. Teams that participate in 2 or more Regional Qualifying Tournaments in a season will have their registration fee reduced to $135 for the Championship Tournament.

The winning team from each of the four Regional Tournaments plus the top six teams (6 Anglers & 6 Co-Anglers) from the State Championship Team Tournament will make the NEW **"Virginia Elite 20 State Team"**.

Teams have 3 options available for registration for the 4 Regional qualifying events.

1. Teams can download from the State Web Site (www.vabass.com), print, complete the registration, and mail the completed form with a check for payment. This method MUST be postmarked no later than 10 days prior to the event.
2. Teams also have the option to complete the registration and pay online through a link available on the State Web site (www.vabass.com). The same 10 days cutoff prior to the tournament applies.
3. If Teams do not register in time they may register at the tournament site the morning of the event. There will, however, be a $25 administrative fee added to the tournament registration fee.

Registrations for the Virginia State Championship Team Tournament will be open by invitation to all qualifying teams. The 2020 Championship Team Tournament will be on Kerr Lake, 16-17 May 2020.

2020 Team Trail Schedule

Virginia Bass CHAPTER FEDERATION Team Tournament Trail

2020 Team Tournament Trail
State Championship:
Kerr Lake, Date- TBD
Day 1 - Palmers Point Ramp
Day 2 - North Bend Special Events Area

Note:
Dates – TBD (To Be Determined). Tournaments will be rescheduled due to restrictions resulting from the COVID-19 Pandemic.

West Regional Results

Wally Dryman & Gary Jones WIN the West Regional Team Trail Tournament on Smith Mountain Lake with 18.42 lbs.

Smith Mountain Lake was the site of the second stop on the Virginia Bass Chapter Federation Team Tournament Trail, the West Regional, on 7 March 2020. Each team competed for an opportunity to fish in the Virginia State Team Championship Tournament scheduled for next May 16th and 17th on Kerr Lake and to qualify for the 2020 TBF District 12 TBF National Semi Final (NSF) Tournament. The top 10% of the Anglers and Co-Anglers from each Team Trail Event earn a berth in the NSF. The top Angler and Co-Angler from this tournament also earn a "no-entry-fee" registration in the 2020 State Championship Team Tournament and a position on the Virginia Bass Chapter Federation's "Elite 20 State Team".

Anglers indicated that pre-fishing had been tough all week as winds and falling temperatures dominated the week. It was a cold morning with temperatures below freezing at Parkway Marina with pre-registered team check-in and on-site registrations beginning at 5 AM. Winds diminished a bit at sunrise as teams launched at safe light and began returning for weigh-in beginning at 3:00 PM.

MINN KOTA

West Regional Team Trail Results continued:

Cold temperatures and high winds made for a challenging day of fishing for most anglers. The Team of Wally Dryman and Gary Jones, of Southwestern Bassmasters, dominated with a five fish limit weighing in at 18.42 pounds; in 2nd place from Mount Vernon Bassmasters was the team of Todd Langford and Kenneth Brown with 5 fish weighing 17.03 lbs. Todd and Kenneth also weighed the Big Fish for the tournament, a 5.27 lb largemouth; finishing in 3rd place was David Martin (Star City Bassmasters) and Kevin Simmons (Southwestern Bassmasters) with 10.43 lbs; the 4th place finishing team was Paul Craighead and Brian Burnett from the Tri-Angle Bassmasters, with five fish weighing in at 16.47 lbs.; and in 5th Place was the team of Jared Vandergiff and Todd Whittaker, the Black Water Bass Club, with five fish weighing 14.74 lbs.

Congratulations to the top three teams who all qualified for the 2020 District 12 TBF National Semi Final Tournament on Kerr Lake, 18-20 September.

West Regional Team Trail Results continued:

Kenneth Brown takes the tournaments Big Fish Honors with a 5.27 lb largemouth

West Regional Tournament Smith Mountain Lake

Vice President

Steve Hajdasz

A message from the Vice President

With the beginning of fishing and boating season, I believe that some safety reminders are always in order. I realize that the vast majority of you reading this article are seasoned and experienced boaters and fisherman who know the rules and procedures of boating and fishing safety but a short reminder never hurts.

First I'll talk about personal safety items. Starting with your life jackets, check to make sure the sizes are correct for yourself and the correct size for anyone you may be providing a life vest (PFD) for. Prior to putting them in service for the season check for rips, tears, mildew, broken buckles and inoperative zippers. Inflatable life jackets should also be checked for the same problems, but also need to be checked for expired CO2 cylinders, leaking or empty CO2 cylinders and make sure the cylinders are properly seated. Each year I always set off my inflatable jackets to make sure the life jackets don't leak or burst when activated. I know this is an expense but I would rather pay for a replacement cylinder now than to find out when my partner or I are shedding water and need help. Next, your throw cushion. Again check this for rips, tears, excessive mildew and broken straps. They are useless if they don't float or the person in the water can't hold on to it. As a matter of practice I keep two throw cushions in my boat. One has a floating rope tied to it and the other does not. By having one with a rope tied to it I can pull the person in the water to the boat.

Keeping in mind that early in the season, the water is substantially colder than during the summer months, hypothermia sets in quickly and having a functional life jacket and throw cushion is imperative. Also speaking about cooler weather and cooler water, keep in mind the additional clothing and outer wear you or your partner may be wearing. Make sure your life jackets are large enough to fit over the extra clothing and buoyant enough to keep a person afloat when their clothing gets water saturated.

The last personal safety item is your kill switch and lanyard. Make sure that the clip to your affix the lanyard to your clothing or life jacket is not broken so it attaches securely to your person boat to the kill switch.

Prior to putting your boat in the water, make sure the plug fits properly (if it is rubber or plastic, ensure it is not cracked or dry rotted). Check your boat's plumbing (bilge pump piping, live well piping) to make sure they are not cracked or broken and function at the correctly. Ensure your auto bilge switch works properly. Inspect fuel lines to make sure they are not cracked, broken or leaking. Check the steering and make sure that it works smoothly and that your motor hydraulics rises and lowers the motor properly. Also be sure to check that your lights are working properly. Check you fire extinguisher to ensure it is charged and ready to use if needed.

Once your boat is in the water and prior to leaving the dock, open your bilge compartment and again check for leaks (water, fuel and oil). This all can be done while your boat motor is warming up. Prior to pulling away from the dock, pull your kill switch to make sure it works properly.

Now all you need to do is: make sure you and your partner have your life jackets on, your throw cushions and fire extinguisher are within easy reach, and enjoy the season.

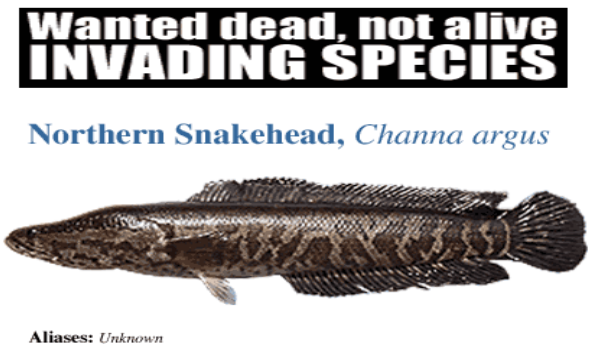
Conservation Director

John Flicek

I'd like to welcome a new contributor to our quarterly Tightlines Conservation coverage. Mr. Mike Bedarski, the Virginia DGIF Chief of Fisheries will be keeping us up to date on a wide range of issues impacting the Virginia waterways and the fishing community.

I, once again, have received notification that the Northern Snakehead migration in Southeast Virginia continues to expand. This past week, there was a news report of a snakehead caught on the Pamunkey River. This exotic species is new to the Southeast Virginia tidal waterways and the ecological impact to these systems is uncertain. This confirmation adds to a growing list of snakehead infested Virginia waterways (i.e. Lakeview Reservoir, Lower Appomattox River, James River, Rappahannock River, Plankatank River, Lake Anna, Lake Burke, & several lakes in Northern Virginia) since snakeheads were initially discovered in the Potomac River in 2004. Additionally, Ruffin's Mill Pond (south of Fredericksburg), Hunting Run Reservoir (Spotsylvania County), Pelham Reservoir (Culpeper County), Abel Reservoir (Stafford County), Burke Lake (Fairfax County), and Occoquan Reservoir (Fairfax/Prince William line) have been identified as waters receiving illegal stockings of northern snakeheads. A bill was passed during the 2017 Virginia General Assemble providing for increased penalties for persons illegally moving (stocking) snakeheads. VA Code stipulates a civil penalty of up to $25,000 per incident for unlawful possession, transfer, or release, etc. of snakeheads (29.1-577).

Exotic species like snakeheads can disrupt natural aquatic systems and may have significant impacts by feeding on and competing with native and/or naturalized fishes. In addition, they may transmit parasites and diseases to native wildlife in those systems. While snakeheads are freshwater fish, it has been determined that they can tolerate a fairly high level of salinity (this is especially true for juveniles with lower water temperatures). They may be able to colonize additional drainages through extreme storm events riding freshets or by illegal introductions.



Anglers are reminded that it is illegal to possess a live snakehead in Virginia. Anglers are encouraged to kill and report any snakeheads they encounter. In an effort to track Snakehead migration VA DGIF has established a **SNAKEHEAD HOTLINE** that anglers can use to report snakehead fish: **(804-367-2925).** There is also a new, easy-to-use web application for reporting observations: (http://dgif-virginia.maps.arcgis.com/home/index.html).

Conservation continued:

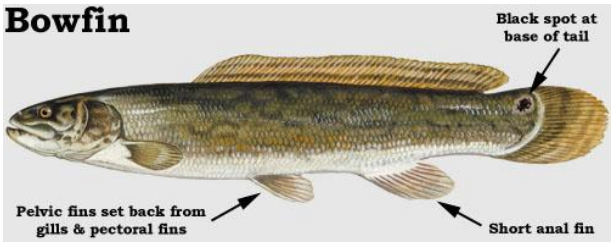
Anglers are required to report snakeheads if caught. Snakeheads must be dead if in possession (contained in live well, cooler, etc.). The DGIF asks that all snakeheads be killed if possible. If an angler wishes to keep a legally caught northern snakehead, the fish must be killed to be in possession, and the angler must call the hotline or other VA DGIF contact and report the angler's last name, date of catch, location of catch, and size. Kill the fish by:

1. removing the head,
2. separating the gill arches from the body, or
3. removing the internal organs and put it on ice as quickly as possible.

Snakehead Identification

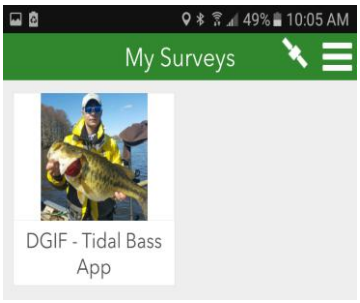
Northern Snakehead

Similar-Appearing Native Species



Please encourage your Regions and Chapters to take part in the **Angler Creel Survey program**. Creel Survey efforts currently address the James River, Chickahominy River, Pamunkey River, Mattaponi, Rappahannock River, Kerr Lake (Bugg's Island) and Smith Mountain Lake. I would like to thank our Region Directors for collecting survey data at their region events. This program provides DGIF Biologists data critical to their fisheries management efforts. They value our input as tournament anglers.

The **Tidal Rivers Tournament Angler Creel Survey** cell phone/mobile device application is now available to Virginia TBF Anglers. By installing the application on your mobile device you can start reporting your catch data directly to DGIF on Tidal Rivers (James, Chickahominy, Pamunkey, Mattaponi, & Rappahannock). The creel survey is easily downloaded using the "Survey123 for ArcGIS" application. Once familiar, the entire survey can be completed in less than two minutes.



INSTALLATION INSTRUCTIONS

1. **Download Survey123 from the app store FIRST**
2. **Once installed simply close it**
3. **On the phone you just installed the app go to this address : https://arcg.is/1va5iX**
4. **Make sure you click the 2nd option : "Open in the Survey123 field app" NOT "Open in browser"**
5. **This will download the Tidal App and install on the device**

For continued use find the app installed on the phone and open it....choose the DGIF - Tidal Bass App

"Saving Our Fisheries Together"

Virginia Department of Game and Inland Fisheries

Greetings members of The Bass Chapter Federation of Virginia. I am the Fisheries Chief here at the Virginia Department of Game and Inland Fisheries (DGIF). I wanted to take the time to share an update on the status of several of our bass fisheries. The full update can be found on our website at https://www.dgif.virginia.gov/fishing/forecasts-and-reports/. We aim to keep these reports as up to date as possible, and many contain great detail about the fisheries of Virginia. They are definitely worth a read!

Based on our 2019 results, our large impoundments are in good shape. Chickahominy Lake improved from 2018 and produced many fish in the 7-10 lb range. Lake Chesdin saw a slight decrease from 2018. Despite its tough reputation, Chesdin has a high density of 16-20" fish and also has many larger fish available. I've put some time in on Chesdin this spring and have caught quite a few between 5 and 7 lbs. Speaking of notoriously tough fisheries, Lake Anna is at near record levels of bass abundance, and recent tournament weights support that finding. I have heard of recent tournaments at Anna that took 25lbs+ to win.

Kerr Reservoir continues to improve, and while fish over 4lbs are a bit hard to find, there are plenty of 2-4lb fish available. Our surveys showed that strong spawns were present in three of the last 4 years, and we expect fishing to continue to improve in the near future. Smith Mountain Lake is also improving, with abundant large and smallmouth bass. Although 90% of the bass in this lake are largemouth, smallmouth abundance is at a near historic high. Claytor continues to be productive, producing largemouth, smallmouth, and spotted bass. Of the largemouth, more than 40% of those collected were greater than 15".

We're a little behind getting the reports together for the tidal rivers, but the Chickahominy River continues to be a top destination and the Rappahannock River is showing near historic levels of abundance. Target the entire Chickahominy and the Rappahannock above Port Royal as your best bet.

I also want to call your attention to our small impoundments, many of which are DGIF owned. Although they are all horsepower restricted, you can still launch a larger boat and use the trolling motor – it's a great excuse to upgrade to those lithium batteries you've had your eye on. Best bets include Briery Creek, Sandy River Reservoir, Amelia Lake, Lake Burton, and Laurel Bed Lake. The attached picture shows the results of recent sampling at one of our small impoundments – both fish were close to eight pounds.

Good luck and tight lines. I'll see you on the water this spring.

Youth Anglers Compete at State Federation Region Tournaments

Under the new format for Virginia Youth Anglers, teams are allowed to participate in State Federation Region Tournaments and earn points towards a State Youth Team of the Year Title. Youth Teams enter (no entry fee), launch, and weigh-in with the adults during Region Tournaments. Teams are awarded points based upon the number of Youth teams competing in the event and their finishing place among youth teams. Point for the youth teams from throughout the state will be complied and their top 3 point earning events will be tallied to determine the Virginia Youth Team of the Year. Each year the Youth teams from throughout the state will gather for a tournament and head to head competition to determine who will represent Virginia at the TBF Junior World Championship Tournament.

Virginia High School Angling Teams are also invited to compete at State Federation region Tournaments to earn points towards a Virginia High School Team of the Year title. The High School Anglers also compete in the Student Angler Federation events and the SAF hosted State High School Championship Tournament each year.

Youth Anglers must be a member of an active TBF Junior Club or the Student Angler Federation (SAF). Each Youth Angler Team must arrange for their own boat and boat captain and complete the required Emergency Medical Information Event and Liability/Parental Consent forms. Youth Teams will launch and weigh-in with the host tournament anglers and earn valuable points towards the Virginia TBF Junior Angler State Championship title.

Virginia Bass Chapter Federation Point of Contact for Youth Angler memberships and tournament registrations are: Scott Whitmore, Email: stratos.22225@gmail.com and Becky Conley, Email: conleyr@comcast.net.

Student Angler Federation High School Program

The high school fishing program is ran by the TBF National Office. Each year High School Anglers have the opportunity to fish the Virginia High School Championship Tournament and a Bass Pro Shops/FLW Open Tournament. Tournament dates, locations and additional information on additional opportunities for High School Anglers to fish local events will be shared on the VA TBF Youth Facebook page.

Student Angler Federation Membership and Registrations for High School Tournaments are processed online through the Student Angler Federation web site: https://highschoolfishing.org/

2020 Virginia Youth Tournament Schedule

The following tournaments are available to support Youth Anglers. Anglers may contact the Host Region indicated for each tournament listed below for specific tournament information. Additional information will also be shared on the VA TBF Youth Facebook page for each event: https://www.facebook.com/virginiatbfyouth/

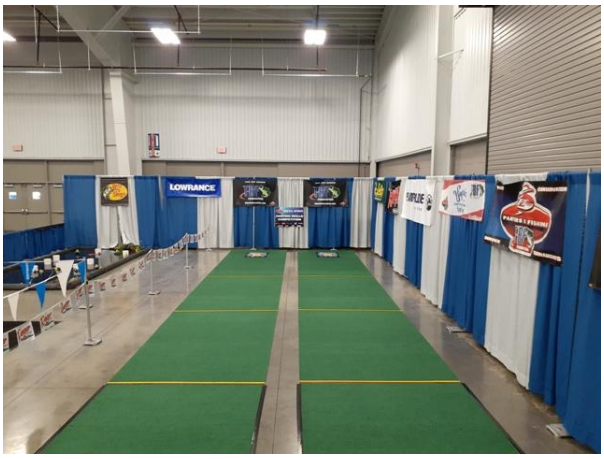
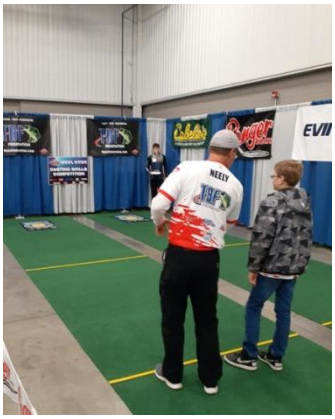
Virginia Bass Chapter Federation Supports the Annual Richmond Fishing Expo

Each year the Virginia Bass Chapter Federation launches its season at the Annual Richmond Fishing Expo held at The Meadow Event Park – State Fairgrounds of Virginia in Doswell, Va. This year's three day event was held on 17 through 19 January. Federation members gathered from across the state to support the Federation booth activities, visit with the many tackle and marine state sponsors and over 100 vendors. In addition to manning the state booth, our membership conducted a "Reel Kids" Casting Skills Competition each day. Additionally they hosted the "Reel Kids State Championship" where previous year's event winners from throughout the state meet for head to head competition. The Federation booth always draws large crowds as it has become the premier youth event at the Richmond Fishing Expo each year.

Richmond Fishing Expo continued:



The Virginia Bass Chapter Federation was a hub of activity all weekend and a favorite of families with the kids casting pond and Reel Kids Casting Skills activities.



At noon Saturday, 18 January, youth anglers that qualified at events throughout the previous year competed in the Virginia "Reel Kids Casting Skills" State Championships. This year's State Champion for the 7-11 age group is Levi Butler of Newsoms, VA and for the 12-15 year age group is Garrett Maye of Suffolk, VA. Each of the top finishers received plaques and medals for their efforts. A great time was enjoyed by all including Touring Professional Angler Timmy Horton, who spent some time with the kids and presented the Championship Awards.

Director – Chuck Hart

Region 4

Includes the counties of Augusta, Highland, Nelson, Amherst, Rockbridge, Campbell, Bedford, Botetourt, Bath, Allegheny, Bland, Craig, Giles, Roanoke, Montgomery, Pulaski, Wythe, Floyd, Carroll, Franklin, Pittsylvania, Henry, Patrick also all cities within them.

We had a really cold start to our Region 4 tournament season this year at South Holston Lake on February 15th. It was seventeen degrees and the wind was blowing as 49 boats launched that morning. Even with the cold temperatures, there were some nice bags of Smallmouth brought in. Just Fish'n, in Bristol, was sponsoring our tournament, and the anglers were competing for a first place prize of $1500. We paid out seven places and they were as follows:

South Holston Lake Top 7 Teams

1.	Adams/Baldwin	18.82 lbs.
2.	Coffman/Blackwell	18.48 lbs.
3.	Peaslee/Peaslee	17.76 lbs.
4.	Ray/Rasnike	16.82 lbs.
5.	McCowen/Mitchell	15.96 lbs.
6.	Toney/Riddle	15.82 lbs.
7.	Hobbs/Shelley	15.68 lbs.

South Holston Lake Big Bass

Frazier/Jones 5.08 lbs. Smallmouth

South Holston Lake Tournament Sponsored by:

REGION 4 continued

Our second 2020 Region 4 tournament was held on February 29th at Smith Mountain Lake. The day also started out cold and very windy. Forty-nine boats competed for a first place prize of $1000. Sportsman's Warehouse in Roanoke also donated a $100 gift certificate for the biggest Smallmouth. Although the weather was not the best, there were a lot of big fish brought to the scales. Big fish for the tournament was a 6.74 lb. Largemouth. The big Smallmouth weighed 4.20 lbs. This tournament was an excellent example of how good Smith Mt. can be in the spring. The Smith Mountain Lake Tournament results are as follows:

Smith Mountain Lake Top 7 Teams

1.	Boone/Lambert	24.72 lbs.
2.	Greg/Ricky	23.10 lbs.
3.	Glenn/Steveo	22.38 lbs.
4.	Tilley/Tilley	20.74 lbs.
5.	Harlow/Catlett	20.68 lbs.
6.	Hart/Hart	18.74 lbs.
7.	Craighead/Burnett	17.84 lbs.

Smith Mountain Lake Tournament Sponsored by:

SPORTSMAN'S WAREHOUSE

Smith Mountain Lake Big Bass

Harlow/Catlett 6.74 lbs. Largemouth

Region 6

Includes the counties of Buckingham, Appomattox, Powhatan, Cumberland, Prince George, Amelia, Surry, Dinwiddie, Nottoway, Prince Edward, Sussex, Lunenburg, Charlotte, Greenville, Brunswick, Mecklenburg, Halifax, also the areas of Colonial Heights, Ettrick, Matoaca and Enon in Chesterfield County.

On February 6th, the Region 6 membership spent the evening at the Colonial Italian Restaurant and Grill to discuss issues related to our upcoming 2020 tournament season. The Virginia Bass Chapter Federation President, Scott Whitmore, was on hand and provided an update on State Federation business and the new Team Tournament Trail format and events for 2020. His presentation and insight sparked a lot of discussion and was greatly appreciated.

LOWRANCE®

REGION 6 continued:

Due to issues caused by the Coronavirus we elected to not hold the March 21st Kerr Lake Tournament. I felt it was necessary to be on the side of caution as operations at the hotel, local restaurants, and Kerr Lake facilities have all been impacted. We are looking at possible future dates to reschedule the tournament. The next tournament on our schedule is for the 18th of April on Lake Gaston. Hopefully conditions improve so we can safely hold the event as scheduled.

We have been working with Bass Pro Shop in Ashland and some of our other local supporting businesses to schedule a few events in the coming months. Member participation is the key element in working these activities successfully to not only support our sponsors but to promote our clubs and the Federation. Once we have firm dates, I intend on contacting each club to help provide members to assist with these events.

So please let's all help support everyone that we can get through these bad times and be safe. If you do go on the water please be safe so you can go home to your family at the end of the day.

I wish to thank everyone for all the hard work they have done to keep the Federation going.

Bless all of you

Region 8

Includes the counties of King William, Hanover, Goochland, New Kent, Henrico, Charles City, James City, York, Northumberland, Westmoreland, Richmond, Essex, Lancaster, Middlesex, King and Queen, Mathews, and Gloucester, Accomack, Northampton, Isle Of Wight, and Southampton also all the cities within them including Richmond City, Poquoson, Hampton, Newport News, Virginia Beach, Norfolk, Portsmouth, Chesapeake and Suffolk. All of Chesterfield County except the areas of Colonial Heights, Ettrick, Matoaca and Enon.

In preparation for our 2020 season, Region 8 members gathered at Angelo's Steak & Pancake House for our annual General Membership meeting where we enjoyed an evening of fellowship, presented our Top Team and Big Fish Awards for this past year, discussed the upcoming tournament season and provided an update to the latest changes to the TBF/FLW sponsorship agreement. While the FLW trail has changed, the guarantees to TBF in support of the "Living the Dream" TBF Champions Package remain in force. In fact, with the new agreement, TBF anglers will now enjoy expanded TBF Championship Tournament Awards and opportunities. The TBF family of sponsor partnerships continues to be the strongest and most supportive group in the industry (Ranger Boats, Lowrance, Minn Kota, TH Marine, Power-Pole, Bass Pro Shops-Cabela's, Faculty of Fishing, Humminbird, Berkley, and Evinrude).

As I write this, our own Region 8 Angler Chris Fiore, has just returned from his TBF Championship run. As most of you know, Chris won the TBF National Semi-Final Tournament on Stonewall Jackson Lake in West Virginia last September. That win earned him a berth in the TBF National Championship Tournament held a few weeks ago on Grand Lake O' the Cherokees in Oklahoma. Following a tough first day of competition (4 lbs/26th place), Chris rallied on day two to take the Mid-Atlantic Division Title with 15.01 lbs and finished 7th overall in the TBF Championship. As Division Champion, Chris qualifies for the BFL All American Tournament on Lake Hartwell, 28-30 April, 2020. Chris is an exceptional angler and a great ambassador for our sport. We all wish him the best at the BFL All American.

In March, Region 8 began their annual Bass Pro Shop Spring Fishing Classic activities at the Hampton store. Even though our event was cut short this year due to the COVID-19 Virus, I would like to thank all of our Region 8 members that volunteered at this year's event. Participation in the Reel Kids Casting Skills Competition was also hampered by the virus as families stayed clear of larger gatherings. At the request of Bass Pro Shops we held the event as planned and took every precaution possible by operating with a minimal staff, providing hand sanitizer and cleaning the rods & reels with disinfectant between uses. Again, thanks to those that supported the kids.

REGION 8 continued:

Locally, as our communities deal with the restrictions and precautions being taken in response to the virus pandemic please be understanding, patient, and keep yourselves & families safe. Once this passes, let's all get out and support those great local businesses that have supported Region 8 and the Federation so well over the years.- Fishing Pro Tech, Angelo's Steak & Pancake House, Bass Pro Shop (Hampton), Elliott & Duggan's Trophies, Hooker Bait & Tackle, Tomahund Marine, Dan's Heating & Air Conditioning.

TOURNAMENT NEWS: I wish there was some good news to report. Like so many other issues in dealing with the need for "social distancing" to curb the spread of the COVID-19 virus. I chose to cancel the 21 March, Kerr Lake Tournament. Granted, spending a day on the water fishing may be one of the best ways to be "social distance compliant", getting there presented some other issues to be considered. While the launch ramps remained open, the Corps of Engineers shut down all support activities, closed visitor centers and pulled their staff at Kerr Lake. Restaurants curtailed operations and hotels struggled to keep their facilities safe. All this coupled with the governors' mandate that gathering be limited to 10 persons. Additionally, at the time, the high risk population was identified as those 65 and older with health issues. The group many of our anglers identify with. While I know there were many "opinions" offered, I took it as my responsibility to ensure we minimized the risk to our members and families by cancelling the tournament. Hopefully the environment improves to the point that we can hold the 11 April Chickahominy River Tournament as scheduled. Your Region 8 Board and I will discuss our options going forward and reschedule tournament(s) as appropriate. All tournament registration fees collected to date will be held as a credit towards a future tournament or refunded upon request.

See you on the water soon, I hope & be safe

RVA Bassmasters

Chickahominy River (21 March)

RVA Bassmasters Anglers decided to get together for an impromptu tournament on Virginia's legendary Chickahominy River to "social distance" and relieve some COVID-19 stress on the river. Launching at safe light, just before the cold front rolled in, the occasional rain shower and dwindling temperatures didn't hamper their spirits. The Chick River monsters were out and the anglers quickly found fish feeding in shallow water. Some crank bait action was reported, however, throwing plastics ruled the day.

Place	Angler	Co-Angler	Weight
1	Kevin Morford	Mike	21.73
2	Avery Neely		11.74
3	Floyd Dalton	Archie Cannon	10.92
4	Ken Jaco	Brady Jaco	10.73
5	Doug Griles		10.58
6	Chris Fiore	Mike Coleman	5.75

REGION 8 General Membership Meeting

On February 8th, Region 8 members enjoyed an evening of fellowship at Angelo's Steak & Pancake House for our annual General Membership meeting where we presented our Top Team and Big Fish Awards for this past year, discussed the upcoming Region Events and the tournament season. The Team of Chris Fiore and Mike Coleman received their plaques and the customary Region 8 Jacket as they were recognized as the 2019 Region 8 Championship Team. Dylan Whitmore was awarded the 2019 Big Fish Plaque for his 7.91 pound Chickahominy River largemouth.

HUMMINBIRD.

REGION 8 continued:

2020 REGION 8 Tournament Schedule

21 Mar (Sat)	Kerr (Eastland Creek)
11 Apr (Sat)	Chickahominy (Rte 5)
13 Jun (Sat)	Pamunkey River (Williams Ramp)
25 July (Sat)	James (Osborne Landing)
22 Aug (Sat) **	Chickahominy (Rte 5) – OPEN
10 Oct (Sat)	Chickahominy (Rte 5)

****** The 22 August tournament is an **Open Tournament**. Region 8 Anglers will have the option to use this tournament weight towards their season total. 2020 Region 8 season standings will be based on "Best 5 out of 6" tournaments.

REGION 8 members support the Bass Pro Shops Spring Fishing Classic

In support of the annual Bass Pro Shops Spring Fishing Classic event, REGION 8 members manned the Rod & Reel Exchange Program (collecting used fishing rods and reels donated in exchange for discounts towards a new rod or reel purchase) at the Hampton Bass Pro Shops on March 13th – 22nd, and supported the annual REGION 8 Tackle Pack Drawing. The event was cut short this year as the store limited customer's access in response to the CORVID-19 Virus restrictions. Although the event was abbreviated, thanks to our member volunteers, we had a very successful Tackle Pack Drawing effort. Additionally, we collected approximately 150 rods and reels that will be reconditioned and passed on to youth anglers throughout the state in 2020.

REGION 8 continued:

"Reel Kids" Casting Skills Competition

REGION 8 Anglers conducted a *Reel Kids* Casting Skills Competition on Saturday, 14 March during the Bass Pro Shops Spring Fishing Classic in Hampton, Va. REGION 8 volunteers took turns working with future anglers on the basic skills of Flipping, Pitching, and Casting. While participation was down this year as families distanced themselves from public gatherings due to the COVID-19 issues, several youth competed in this day- long event to determine who could best demonstrate their skills by presenting a lure to a target from varying distances. Thanks to the Region 8 volunteers who worked with the kids and "disinfected everything in sight" to ensure we kept the vent as safe for the participants as we could. The winners of each age group advance to the State Championships next January.

March 14th	South Holston	OB Knob	
April 11th	Watauga	Rat Branch	
April 18th	South Holston	OB Knob	
May 2nd	Watauga	Rat Branch	
May 23rd	South Holston	OB Knob	
August 1st	South Holston	OB Knob	Night Tournament
August 29th	South Holston	OB Knob	Night Tournament
September 19th	South Holston	OB Knob	Night Tournament

We would like to thank Tyler Altizer for his extraordinary efforts in supporting our local Youth Anglers. His efforts with the High School Anglers and Sponsors have produced a great start for the 2020 season. In the first tournament of the year we had 17 Youth Anglers participate on South Holston Lake. Youth Angler John Milhome won the tournament with a 3 fish limit weighing in at 12.71 lbs. John also had the Big Fish Award with a 5.71 pound largemouth bass.
